(918) 481-1111 ext. 424

### COURSE DESCRIPTION

This course will introduce students to basic techniques and terminologies of drawing by lecture and skill enhancing exercises. The course will attempt to give each student a certain amount of freedom to pursue individual projects of the student's choosing. A major emphasis will be placed upon the student's ability to creatively think and problem solve.

### BENCHMARKS

To learn how to give self-expression through the medium of drawing.

To learn to use various mediums like pencil, color pencil, color markers, pen and charcoal.

To learn to develop a critical eye and to critique artwork.

To learn a visual vocabulary

To develop creative thinking skills.

### TEACHING METHODS

The class will be taught through class demonstrations, class and individual critiques, lectures and visual presentations.

### COURSE MATERIALS

The school will provide all the basic materials.

### ASSESSMENTS

Students will be assessed on a pass/fail system.

### SCHEDULE OF COURSE

This course meets for a semester and on an every other day on an A/B schedule.
