## WELCOME FROM THE HEAD OF SCHOOL

According to the late Peter Drucker, a leading thinker and writer of our time and recipient of the 2002 Presidential Medal of Freedom, virtually every improvement in the quality of American life has its roots in the nonprofit sector, from the abolition of slavery, child labor and racial discrimination to advances in medicine, technology and education. The nonprofit sector is a uniquely American creation, and today it represents 8 percent of gross domestic product and employs 10 percent of our workforce. It is a powerful force for good, elevating the human condition and serving as a beacon of American leadership. Remarkably, the outpouring of financial support from U.S. non-profits and individuals in response to the 2004 Indian Ocean earthquake and tsunami was greater than the cumulative governmental support (not counting the U.S.) from all other countries. Support from Americans this year to assist tsunami victims in Japan was equally magnanimous. Our country has an inspiring legacy of organized volunteerism and charitable giving.

Leading independent schools such as Holland Hall serve as a prime example of the non-profit legacy in education. This Annual Report is a testament to the wide-ranging generosity — of work, wisdom and wealth — of the Holland Hall family. While the details of last year's successes abound, I would note the following:

Led by Annual Fund Director Beth Lieser Goddard '86, the Holland Hall Annual Fund enjoyed outstanding growth for the second consecutive year in both number of donors and dollars. Raising more than \$1.1 million, the school's endowment would have to be \$24 million larger to generate that same level of annual income to support Holland Hall. In a soft economic environment defined by low interest rates and rising demand from families for financial assistance, the Annual Fund is vital to ensure ongoing excellence. Every dollar to the Annual Fund directly benefits students and teachers.

The number of alumni events throughout the country and in Tulsa increased, and the school's commitment to connecting with its alumni through meaningful events continues to grow.

Consisting of friends and leaders in Tulsa and beyond, the Holland Hall Board of Visitors had a successful inaugural meeting this spring. This group will assist the school in many ways, including strategic planning, and especially by sharing perspectives from myriad professions and parts of the country.

To close, it is important to recognize the steady, selfless leadership of Interim Headmaster Geoffrey Butler, who has enthusiastically agreed to join the Board of Trustees. Geoffrey's lifetime of school leadership experience is an invaluable resource for the board and me. In addition, Board Chair Phil Allen '73 served his alma mater with distinction and has laid the groundwork for a smooth transition this summer to new Board Chair Keith Goddard '87. As Hal Salisbury, Parent Trustee, shared with me recently — Holland Hall has momentum. Geoffrey and Phil deserve credit for leading the board — with grace and professionalism — through a year of transition. I am grateful for their commitment to our school.

As we look to an exciting new school year, let's pause to remember the reason for this outpouring of volunteer effort, generosity and leadership — to create an even better school for our children and grandchildren. Holland Hall prepares young people to serve in this world with confidence and to lead with patience and humility.

The future holds great promise for Holland Hall. Our school deserves the best from each of us.

With gratitude for your continuing interest and support,

John D. Marshall

## CHAIR, BOARD OF TRUSTEES

Periods of transition can be challenging and exciting. While the past year has been particularly “transitional”, the reality is Holland Hall is continually in transition. As an institution whose mission is excellence in education, it is incumbent upon the faculty, students, parents, administration and all stakeholders to embrace change, and be willing to accept and support the changes that will advance the school’s mission. At times this can be unsettling. The challenge is to keep an open mind, and identify the opportunities that a rapidly changing world offers our children and us.

The past year has certainly been productive. The Primary School welcomed 54 students into the first grade, with total student enrollment ending the year with 957. Seventy-six seniors left to attend 42 different colleges and universities. The school community continues to support the Annual Fund drive to the tune of over \$1.1 million. This is another record for the Annual Fund and without these commitments the school could not function. Tuition covers only 83 percent of a Holland Hall education with fundraising efforts such as the Annual Fund bridging this financial gap.

After two years of work with a nationally recognized architectural firm and input from a broad range of Holland Hall constituents, the Board of Trustees formally adopted a new campus Master Plan. This visionary document sets the stage for Holland Hall’s facilities development in the decades to come.

The community conducted an extensive national search for the next Head of School. Our search successfully concluded with the naming of John D. Marshall as the 17th Head of School. At the end of June we said goodbye to Geoffrey Butler, the 16th Head of School and welcomed John Marshall and his family into the Holland Hall community. Geoffrey and his wife Evie will be greatly missed. His wise, humble leadership and experienced voice have guided us through several significant events. He leaves our school a better place and has earned our gratitude.

The most important transitions took place on campus every day; the countless times that a student expanded his or her understanding of the surrounding world, the time spent with a caring teacher, the experiences gained from success and disappointment on the athletic field, the sense of accomplishment from completing an art project. All of these are meaningful transitional moments in the lives and development of Holland Hall students.

We now look forward to the future and the many transitions the Holland Hall community will experience with the leadership of John Marshall.

Philip B. Allen '73

## DIRECTOR, INSTITUTIONAL ADVANCEMENT

**T**hank you for your generous support to Holland Hall and the Annual Fund. We have a remarkable community. Yet again, alumni, parents, grandparents, faculty, staff and many friends made the school a priority. For the second year in a row, supporters set a record in giving with more than \$1.1 million contributed to the Annual Fund. Additionally, the Schureman Circle Giving Society membership increased for the third year in a row, with currently 235 members giving \$1,000 or more in a fiscal year to the school. Special thanks to Annual Fund director Beth Lieser Goddard '86 and volunteer co-chairs Amy Lollar, Jaya Richardson, Susannah Hocutt Adelson '85 and Rhonda Chastang who helped make this year a success.

As you know, every year the School depends on resources beyond tuition to operate. Only 83 percent of Holland Hall's budget is funded by tuition, with the remaining 15 percent funded by voluntary giving to the Annual Fund, interest income from endowments and gifts to financial aid. Annual Fund gifts support a variety of programs, including academics, faculty development, the arts, athletics, college counseling, technology and the libraries. Gifts to the Annual Fund help provide the margin of excellence that Holland Hall offers its students. We offer our deepest gratitude to you for your commitment to ensuring that current and future Dutch benefit from one of the most unique educational experiences in the country.

Lastly, I want to note that our events not only raised necessary funds for the School, but also more importantly, brought our community together. Chaired by Julie Tate Allen '74, ARTworks brought in artist Helene Pfeffer, who not only worked with our students in all grades, but enriched our community through a visually stunning Gallery Talk and Exhibit, raising more than \$27,000. The 51st Holland Hall Book Fair co-chaired by Deb O'Hara and Patti Castillo, kicked off with more than 190 people attending the Preview Party and 2,250 people from all over the Tulsa region attending the annual Tulsa community event, raising \$47,000 for the school. The 2011 Auction co-chaired by Annie Brady and Carolyn Hughes, was held at the Primary School with guests enjoying a fun-filled evening and participating in the silent and live auctions, which showcased incredible items and experiences. The event netted a record \$253,000 and additionally, the Give Smarts portion of the evening raised a record \$58,700 benefiting the financial aid program, allowing all qualified students to attend Holland Hall. Lastly, the Holland Hall Golf Tournament raised nearly \$20,000 with 144 golfers enjoying perfect weather at the Golf Club of Oklahoma. Thank you to all our volunteers who invested considerable time, energy and financial resources to creating events that promote community and advance our mission.

I want to extend my warmest personal thanks for your unwavering support. Your investment and involvement are vitally important. Thank you for making Holland Hall a place where boys and girls thrive and become good, productive men and women.

Sincerely,

Brad Shelley

**What do you believe are Holland Hall's unique strengths?**

Holland Hall is set on a beautiful campus that is well maintained and safe. This campus partners

with teachers that are not only talented, but dedicated to their students and engaging of their subjects. Small class student teacher ratios allows individual attention. These coupled with parents who are committed on many levels, creates a situation that is optimal for learning and personal growth.

There is a continuity to instruction throughout the divisions. The class offerings are vast and there is opportunity for every student to participate in academic challenges, amazing arts programs and athletics. Students do not have to sacrifice, but have choice. The modular schedule, although daunting at first is an amazing tool,

that allows learning opportunities beyond the printed schedules it produces.

**In what ways do you believe Holland Hall is preparing students for the future?**

We believe that Holland Hall embraces the uniqueness in each child and encourages their individual strengths. Through the years, friendships are made and the process of learning is purposeful and thoughtful. There is a nurturing that progresses to independence that is so gradual you are almost unaware that it is taking place. These young adults emerge with a real sense of who they are and have been given all the tools to think critically value and engage in life. They are challenged to be moral contributors to their communities and are looking globally to their futures.

It is not by chance, but by this carefully orchestrated process, by which students are prepared to successfully travel along the path of their choosing. They are completely ready to pursue their goals and find their bliss. Holland Hall is not preparing them for the future, but for their future.

**Why do you support Annual Fund?**

We are aware that our tuition dollars are not fully funding our children's education expenses and we choose to fully invest in their education. We cannot think of a better gift to afford them. This donation is

instrumental in enabling all the unique learning opportunities that we have valued over the years at Holland Hall.

**What do you believe are Holland Hall's unique strengths?**

Even though I don't work in a classroom I hear time and again how much the faculty care about the students. They want each individual student to be successful and self-confident. Faculty excel in time spent (outside the classroom) to work with a student if he/she is struggling.

Another strong point is the diversity of our community. It has families from all over the world, all kinds

of backgrounds and religions. I think it provides a great educational opportunity for all students.

The Holland Hall community is like a large family. Students, faculty, staff and parents come together if there is a need, and most times, it is on a volunteer basis. In other words, they don't have to be asked to help if someone or a family is having a difficult time. The Holland Hall experience goes beyond the classroom.

**Will you describe a special memory or memories from your time spent at Holland Hall?**

I have so many fond memories. It is difficult to single out any one in particular. I am an avid supporter of tradition and Holland Hall is full of tradition. Although many of the school's traditions (such as Guy Fawkes Day and Senior graduation when it was held in the Commons and the girls in white dresses and boys in tuxedos came down the staircase) have been replaced with other activities or locations some will always remain in my thoughts.

I will always remember my time in the Development office. There was a group called the Legacy Club. One year at Christmas parents and students got together. We loaded on a school bus, along with Santa, and toured all over Tulsa to see the Christmas light displays. The bus was rocking with the sound of Christmas carols being sung.

I have several memories of individual

students but I will never forget one in particular. If I know a student's family is struggling I find the resources to help. I was told a certain student wasn't eating because he couldn't afford to put money on his lunch card. I took it upon myself, with permission from the Headmaster, to make sure he was able to eat at lunch. I asked for him to come see me. When I told him he didn't need to worry about having funds for lunch as it was being taken care of he stood up, looked me in the eye and said he didn't want me to do that. Having money for lunch was his responsibility and he couldn't accept the gesture. Besides being highly intelligent, this young man was a proud, independent and self confident person. He not only studied hard, he was involved with music, sports and worked. When graduation came I knew in my heart he was going to be successful in whatever path he chose.

**Why do you support Annual Fund?**

I know every donation, small or large, is enabling Holland Hall to continue to maintain the quality for which it is known. Tuition alone doesn't cover a child's total education for the year but extra funds donated make more opportunities for learning available. I truly believe in the Holland Hall experience and know that my gift can help support things that tuition cannot cover.

**In what ways do you believe Holland Hall is preparing students for the future?**

I believe there is more to Holland Hall than educating through books.

Involvement in community service projects and reaching out not only in the Tulsa area but worldwide gives our students an awareness of life. Learning from others is a valuable tool. The faculty challenge their students in unique ways making them better prepared for life after Holland Hall.

**Will you describe a special memory or memories from your time spent at Holland Hall?**

My favorite memory from Holland Hall would have to be the whole experience of junior year AP Latin class with Mr Palma. It was an intellectual challenge and also great fun. I still have copies of all those poems, in fact I came across some of the homework assignments from that class just a few weeks ago and it was fun re-living those memories.

**Why do you support Annual Fund?**

As I talk to people around the country I have always been proud that Tulsa had a top quality academic high school and I would like to see that continue.

**What do you believe are Holland Hall's unique strengths?**

A strong community of parents, students and faculty combined with a commitment to developing academically excellent, well-rounded graduates.

## WHY DONATE?

Annual giving is an integral part of Holland Hall. It helps provide the essential tools to maintain an exemplary educational environment.

Each year, Holland Hall conducts a fundraising drive between June 1 and May 31 to raise unrestricted funds in support of the annual budget. The funds raised in this campaign are combined with tuition, fees and endowment earnings to balance the school's budget (tuition pays only 83 percent of the annual budget).

Every gift – large or small – supports Holland Hall students on their journey to become the leaders of tomorrow. The giving levels listed recognize donors for their contributions. Donors of \$1,000 or more are included in Holland Hall's Schureman Circle and will be invited to recognition events during the year.

*\$25,000 & above	Visionaries
*\$10,000 - \$24,999	Stewardship Society
*\$5,000 - \$9,999	Hallmark Society
*\$2,500 - \$4,999	1922 Founders Society
*\$1,500 - \$2,499	Leadership Circle
*\$1,000 - \$1,499	Head of School's Circle
\$500 - \$999	Partnership Circle
\$250 - \$499	Benefactor
\$100 - \$249	Affiliate
Up to \$99	Supporter

## Another Record Setting Year for Annual Fund

Following an extremely successful 2009-2010 Annual Fund campaign in which more than a million dollars was raised for the first time in school history, supporters again set a record in giving, with almost \$1,150,000 contributed to the Annual Fund. The Annual Fund is the school's most important fundraiser, supporting everything from faculty salaries and college counseling to arts funding, athletic programs, financial aid and many unique learning opportunities for students and teachers.

Thanks go to 2010-2011 Annual Fund co-chairs Amy Lollar, Jaya Richardson, Susannah Hocutt Adelson '85 and Rhonda Chastang for their leadership, vision and enthusiasm. They led a team of dozens of volunteers who helped with Schureman Circle solicitations, phonathons, grade-level competitions and other fundraising efforts.

## *Geoffrey C. Butler — 16th Head of School (2010-2011)*

*“Not only were we fortunate at Holland Hall to benefit from Geoffrey’s years of experience as a leader in independent education, we were all blessed by his wisdom, his kindness, and his incredible energy.” — Dennis Calkins, Upper School Head*

*“The depth of Geoffrey’s knowledge and understanding of independent schools allowed him to step in and present a settling tone for the entire school community. I appreciated his ability to deliver direct, concise statements accompanied with a sense of humor as he addressed complicated issues.” — Charlie Brown, Athletic Director Emeritus*

*“Geoffrey’s depth and breadth of knowledge about independent schools’ culture and day-to-day administration proved invaluable to us this past year. His perspective and probing questions helped clarify our thinking, expand our view of possibilities, and respond creatively to the issues we faced as we worked toward transitioning to John Marshall’s arrival this fall. When I also remember the sensitive care he showed individuals and the active involvement Geoffrey and Ervie invested in all of Holland Hall’s campus life, I know we gained so much from their year with us. I wish them well as they re-enter their well deserved retirement.” — Jo-An Vargo, Primary School Head*

*“Geoffrey has been an unrivaled advocate of the Holland Hall community through his unyielding stewardship and tireless presence at extra-curricular events. He will be truly missed.” — Rhonda Chastang, Current Parent and Board Member*

*“My first encounter with Geoffrey was last August as I was preparing my room for the start of school. He was very interested in a welding class I had taken that summer and seemed so genuine in every way as he asked more questions in getting to know me. It was not an uncommon thing to see him in the Primary School. The front of the art room is all windows and I was familiar with his constant presence as he passed by on the way to classrooms or stopped for a visit in my room. Geoffrey and Ervie both attended a staff breakfast that we held before the holidays in December and Ervie attended some afternoon art activities that we held for teachers in the PS. They both enjoyed being among the Holland Hall community as if we were all long time acquaintances. That extent of involvement is not something I expected for someone who would only be among us for one year. Geoffrey threw himself into the life of Holland Hall as if he were just beginning a long career here.” — Andrea Turner, Primary School Art Teacher*

*“Geoffrey’s commitment to listening calmly, to providing sage advice, and to being present marked his year at the helm. Holland Hall is a better school because of his leadership. He honored the mission of the school while pointing us in new directions.” — Joel Bicknell, Middle School Head*

## FINANCIAL OVERVIEW, CFO

Tulsa has fared better than many parts of the country during the past few years of volatile and uncertain economic times. However, it has still been a challenge for Holland Hall to manage its operating costs with fewer students, less endowment income and increased need for financial aid. Many families have faced tough economic issues as well and have made a Holland Hall education a priority.

I am thankful for so many generous donors that enable Holland Hall to provide the quality of programs that make a difference in our student's lives. Thanks to past and present donors, we have \$69 million in endowment that helps us to keep our 162 acres and 340,000 square feet maintained, as well as offer financial aid to 18 percent of the students and fund a portion of faculty salaries. The Finance Committee of the Board of Trustees, chaired by Chuck Lamson, takes seriously its role of ensuring Holland Hall is financially sustainable. They consider carefully any tuition increase and in conjunction with school administrators, look closely at ways to control expenses without sacrificing programs.

I am proud to say that the school ended the year with a balanced budget. The annual fund record of over \$1.1 million and the most successful auction in history were contributing factors to balancing the budget during difficult economic times. The Holland Hall community past and present, including parents, grandparents, alumni, faculty, staff and board members make the difference in our school being on solid financial ground. I am appreciative every day for your support!

Leslie Kelly
